Before you begin...

Welcome to "The Early Finisher Board!"

You are one of thousands of teachers across the world using this resource to engage your early finishers and maintain excellent classroom management. When you commit to this system, you will find that your students are more motivated to finish their work and look forward to the activities on the Early Finisher Board. Little do your students realize, every single activity integrates important skills and knowledge to provide continuous reinforcement of core classroom skills.

Perhaps the greatest aspect of this resource is it's versatility. Many teachers use tri-fold boards to create their Early Finisher Board, but many others use bulletin boards, sides of cabinets, or even folders/binders. Additionally, you may choose to use your Early Finisher Board as Morning Work or even a Math/Literacy Combo Station. To read other information and see options for your own board, please see the link below:

<http://shelleygrayteaching.com/earlyfinisherboardinspiration/>

Before you begin using the resources in this file, you must have your Early Finisher Board set up. The set-up information and resources can be found in the "*Getting Started Guide*." To find the Getting Started Guide, simply look inside the folder where you found this file.

The resources in this file will last approximately two weeks, depending on your classroom and how often your students use the board.

Printing & Preparation

Printing

To save paper and ink, please only print the pages that you need from this package, and read the rest of the instructions on your computer screen. To make this job easier for you, the pages that you will need to print are listed below:
